

FEEL ALRIGHT AGAIN

John Scott Sherill

On and on the rain keeps falling, will it ever end?

I wanna feel alright again.

Wanna see the sunshine, how long has it been?

I wanna feel alright again.

Lord, I wanna feel alright again.

I wanna feel the way I used to feel back then,

Maybe go out drinkin' with some of my old friends.

Don't wanna sit and watch another dream slip through my hands,

I wanna feel alright again,

Wanna feel alright again.

After all this time tryin' to get it right I'm finally givin' in,

I wanna feel alright again.

Maybe me and my shadow now can go runnin' in the wind,

And we can feel alright again.

Feel alright again.

I wanna feel the way I used to feel back then,

Maybe go out jukin" with some of my old friends.

Don't wanna sit and watch another dream slip through my hands,

I wanna feel alright again,

Feel alright again.
