

SHAKE IT UP (ONE MORE TIME)

Larry Jon Wilson

I know you wonder why I left you, long time ago
I guess I've wondered, too – but I don't know.
Must've been the bad in me -
'Cause there was only good in you.
Oh, believe me – You know I tried, but I couldn't play the part,
The trouble's in my mind, girl – it wasn't in my heart.

bridge

I jus' had to get out 'n' shake it up,
Gotta get out 'n' shake it up.
Jus' had to get out 'n' shake it up,
Gotta get out 'n' shake it up.
I jus' had to get out 'n' shake it up,
One more time.

I'm sorry about your hard times, I've had me some hard times, too.
The years ain't been so good to me. Lord, they've sure been good to you.
Yes, I still drink some, baby,
I'd have quit it if I could;
Until you found yourself that new man
I always thought I would

bridge

But now I'm gonna get out 'n' shake it up
Gotta get out 'n' shake it up.
Just gotta get out 'n' shake it up
Gotta get out 'n' shake it up.
Just gotta get out 'n' shake it up
One More time.
